

Mrs. Heflin's 5th Grade News

We are learning:

Language Arts: This month we are working on finding theme and summarizing a text. We are also talking about the four types of sentences and spelling words with long vowels. Please encourage your child to read at home every evening.

Math: Place value and decimals are our main focus. Also, keep practicing those math facts. They are so important to know quickly.

Science: We are spending time every week in the STEAM lab while working through life science.

Social Studies: We will be focusing on Early Americans and doing a short project about September 11th.

Important Reminders

9/7-- behavior party
9/12-- 1 hour late start
9/18 & 9/20-- Parent
Teacher Conferences
9/19-- DARE starts
and will be every
Wednesday
9/19-- School Pictures
9/27-- Field Trip

News

We will be attending Old Iron Days on September 27th. It is held in Fredonia, KS and celebrates farming and the rural ways of life in the past. Be looking for more information to come.
