April

Be Respectful

Be Responsible

April is a busy month for 4th graders! We have our *reading state assessments* on April 2 and 3, followed by *math state assessments* on April 16 and 17. We also get to take two field trips this month! April 23 we will go to Parsons to celebrate *Earth Day*. The kids will need to pack a lunch this day. We will go to different sessions to learn about different agricultural related topics. The kids will even get their own tree seedling and instructions on how to plant it. Our end of the year field trip this year will be on April 26. We are going to *Olive Garden* in Joplin with the 3rd grade class to eat lunch. We will talk about proper etiquette before we go. We are also planning on some park time while in Joplin!

Here we are at Greenbush (in March) learning about erosion! Check the Edna Elementary School Facebook page for more pictures. 😊

Math

We have been working on relating fractions, decimals, and money in math. We have worked on the tenths and hundredths places. We will soon be starting geometry. The students will be able to draw and identify lines and angles. They will also be able to classify shapes by properties of their lines and angles.
