

# Kindergarten News

Our last field trip for the year will be this Friday (May 6<sup>th</sup>). The K-1 classes are going to Greenbush for a Science Day. All students will need to bring a lunch and a drink.

There will be no alternates this month for lunch, only breakfast. If your child doesn't want the main menu they will have to bring a lunch from home.

I want to say a big thank you to Tammy Kimrey for organizing our class parties this year. Also, to all the parents who sent items to school to make our special times great. We had a fun Easter party and enjoyed the day.

All library books are due back to school by Thursday, May 12<sup>th</sup>. Please help your child return their book in on time. Thanks!

I would like to invite you to our Awards Assembly on our last day of school (5-19-22). We do not have a Kindergarten Graduation in our district, so the students do get recognized with the other classes. All my students receive certificates for their achievements. Our time in the gym (K-2) will start at 8:30.

The school year has gone so fast that I can't believe it is almost over. The class will continue to work hard in Reading, Math, and Writing. We are reading our books and words, learning

more skills for our reading, spelling, and writing. We have been very busy working on numbers to 100, shapes, and solids. Measuring length, height, and weight will be our main focus in Math for our last chapter. We have been reviewing money at calendar time and centers. I am reminding the class to finish the year strong. I want them to be listening and following directions, to be good leaders and well behaved. I know everyone is excited about summer (even teachers), but we still need to stay on task to learn all our skills.

# Have a fantastic week!
