SCIENCE AND ENGLISH LANGUAGE ARTS

Science: 7th grade science is getting ready to start their unit on heredity and reproduction. Our first lesson focuses on inherited traits, chromosomes and genes.

ELA: We will finish Unit 3 of the textbook that we are piloting. Our grammar focus is capitalization and formatting.

HOMEROOM STUDIES

Novel: We are reading the novel, Rifles for Watie, which ties directly into our Kansas History.

Kansas History: We are learning about Kansas Statehood, Bleeding Kansas, and the issues that faced our state at the time.

Math: We will be learning about Two-Step Equations and Inequalities this month. We will finish the chapter before we go on Christmas Break.
