Curriculum

Science –The students are wrapping up The History of Earth with a Time Line project of the major events in Earth's History. They will have a test over this unit by the end of the week.

Social Studies – The students are working in groups to cover Topics 4-8 by creating a time line of the events.

Novel – We are just about to wrap up the Golden Goblet. The story is getting very interesting and the students are anxious to see how it ends.

Math - The sixth graders will be covering two units this month: Integers, Number Lines, the Coordinate Plane, as well as Statistical Measures & Data. We will then be studying for the **state assessment which for Math is on April 20th and 21st.**

Reading –We are finishing up our assessment review. We will take the state assessment April 19th & 20th. Then we will read the novel *A Wrinkle in Time.*

Student of the Month
