Parent teacher conferences are coming. Watch for more info!

### OUR LEARNING *focus...*

**Reading**— Our new reading module will start this month centered around art. We will work on summarizing, main idea, and vocabulary. For grammar, we will focus on adjectives and adverbs.

**Math**— For math we will finish up multiplying fractions and move into division of fractions. We will then move into unit conversions.

**Science**— We have just started a unit on space and the universe. We will be learning about how our earth moves and affects us.

**Social Studies**— We will start looking at early American settlements.
