

## 4<sup>th</sup> Grade

### Math

We are finishing up a chapter relating fractions and decimals. We have talked about the tenths and hundredths places. We also did different operations with money. Our next chapter is over measurement equivalence.

Spring Break is coming! There will be no school on Friday, March 8. Spring Break is the following week, March 11 - 15.

Language Arts: We have been discussing point of view and idioms in language arts. We are also working on using context to figure out vocabulary words.

Social Studies: We finished the southwest region this week! After this region, we only have the west to go. Upon finishing all the regions, the students will each pick out a state to research more thoroughly. More information to come!
