

## News and Information

**Science** – 8th Science is currently in their Force and Motion unit. We are working our way through Newton's Laws and will wrap up the unit with an Eggs-ellent Car Safety Design Challenge. Each student will design and build a car to transport an egg that must survive a crash after rolling down a ramp and hitting the wall.

**Enrollment Forms** – Please be working on the freshman enrollment forms for LCHS and return those to me at school as soon as you have them completed.

**Banquet** – 8th-Grade Banquet reservations will go home this week. Please return them and money for the meal by March 22nd. Our 8th-grade banquet will be Tuesday, May 14th.

**Math** – Eighth graders will be testing on Scientific Notation next week and will move on to geometry.

**Banquet Slideshow** – I would like to have a slideshow of the students playing during the meal at the banquet. Please email me 10-15 pictures of your child through the years. If you have any additional pictures of your child with classmates, please email those as well. Group pictures won't count towards your child's 10-15 pictures.

**8th Novel** – The 8th class novel will be due Friday, March 22th. Please make sure your child has a novel and is reading it each evening.

**Social Studies** – We will finish with Westward Expansion next week. We will then start to study what events led up to the Civil War.

**Summer Activities** – If you are interested in your child participating in summer algebra, jump-start, and/or driver's ed, please just fill out the form(s) and return them to school.

**8th Grade T-Shirts** – We are currently designing t-shirts to vote on for the next few weeks. We will choose our favorite design the Friday after Spring Break.

**Language Arts** – We will continue our study of *The Witch of Blackbird Pond*. Then we will begin reading the novel *Animal Farm*.
