Reminders

State Assessments are hitting hard this month. Students will be assessed in Reading, Math, and Science. We also have several field trips scheduled. Watch closely for notes coming home, as the year gets busy!

OUR LEARNING

focus...

Reading— After assessments, we will start a unit on mysteries and the unknown.

We will also work on contractions, adverbs, and prepositional phrases.

Math— We will be reviewing until state assessments and then start a project that reviews all math skills.

Science- After assessments, we will discuss the importance of how humans affect the earth and ways we can be better.

Social Studies— We are working through the American Revolution.

Students will continue to have DOG, but you may see IXL's begin to slow down. April is the last novel and is due the 30th
