Chick Hatching lesson

## Curriculum

**Science** –We have started our Earth, Moon & Sun unit in Space Science. We will be learning about Earth’s Motion, Moon Phases and Eclipses – just in time for the April 8<sup>th</sup> Solar Eclipse.

**Social Studies** –Students are currently learning about Ancient India. We are on lesson 2 of 7. Students will wrap up the unit with a Brochure about India.

**Novel** – We have started reading *A Single Shard*. It is about an orphan boy, Tree-ear, who works for a Pottery Maker. Tree-ear desires to be like the Potter, Min, and make pottery himself one day. It takes place in ancient Korea.

**Math** - We are currently working on coordinate planes, surface area, and volume. This will take us to the point of our state assessments which are scheduled for April 15th and 16th. Afterward, we will focus on expanding our integer knowledge and working with the order of operations with integers.

**Reading** – We are currently doing our novel study of *Bud, Not Buddy*. Our focus is predicting and the author's use of literary devices.

## Student of the Month

Danica Krisley
