

7TH GRADE NEWS

April 2024

Science: We are entering the Elite Trait (Sweet 16) round of March Mammal Madness. The majority of the class still has an active winner predicted. We are also learning about relationships in ecosystems.

ELA: We are currently doing our novel study of *The Outsiders*. Our focus is plot development and character change throughout the story.

Math: We are finishing our unit on the perimeter, area, and volume of various shapes. We will begin reviewing for state assessments after the completion of our unit. The assessments are scheduled for April 15th and 16th for Math. Once state assessments are done, we will begin preparing for 8th-grade Math.

Novels: We continue to read *Steal Away Home* which ties in with Kansas History and the Underground Railroad.

Social Studies: We are learning about Central America and their relationship with the United States and Canada.

BANQUET: Notes about banquet will be coming home in the coming weeks. Please return them or email me as soon as possible.
